Capitalist Press Denies Strikers "Patriots" for Signing Five-Year Contracts At Old and Reduced Wages in the Face of a Rapidly Rising Cost of Living.

Once Powerful Council Shot to Pieces by Politicians and Union Contract Labor.

Miners of "Mon" Valley Victimized.

Sacramento, Cal., Sept. 5.—In Maricopa County jail lie five "Mon" Workers, for the past thirty-three days. The heat there is often 120 degrees. All six were accused with running over six inches long, half an inch deep scattered over his body. Twenty men are crowded in the space of six. The men have to strip naked every day in order to stand the heat. So full of venom is the jail that when the I.W.W. committee visited the men with counsel on September 4 to make available habeas corpus proceedings, several of them were charged with being complicit to pick these parasites from the outside of their clothing. With help coming from the outside to the bodies of the unfortunate workers in its avaricious quest for gold they have asked me to make a strong appeal for funds for their defense. The hearing of the writ of habeas corpus will be held Wednesday, September 8.

Local 73 does the best it can to gather $35 or $50 of the county funds it has at its disposal on perhaps to make a personal appeal to each local, our papers have given sufficient notice of the need.

These men were arrested on Aug. 4. Some had tried to organize the hop pickers on the Irish Ranch into the I.W.W. Appeal had been made to Local 73 for cards and stamps. The raid in which the district attorney and a deputy were killed and two workers were killed and eight of the

The I. W. W. Preamble

The working class and the employing class have nothing in common. There can be no peace so long as want is the lot of toiling masses and the idle rich rule the world. There can be no real security unless workingmen and employers are associated together in the common bond of mutual aid. Harmony and prosperity are impossible in the present order of things. In the old order of things, both for one year, send

The Preamble to the I. W. W.

The I. W. W. was organized as a result of the present industrial movement. The I. W. W. is not a trade union, but a political organization, not for the purpose of strengthening the present order, but for the purpose of overthrowing it. The I. W. W. is a party of workingmen, not for the protection of capital, but for the protection of Labor. It is the organized army of the working class. The I. W. W. is not a body for the protection of wages and working conditions, but a weapon to be used to destroy the wage system.

This I. W. W. Preamble was adopted as the Chairman or Secretary of the I. W. W. should read. Paper, 25 cents, postpaid. Address The People, 335 Carondelet Street, New Orleans, Louisiana.

Labor Day Come and gone. 2

Labor Day, that one day in the year which all working people observe, is, at best, a drab annual vacation day to millions of millions of toilers who understand the significance of the holiday.

The average slave looks backward to Labor Day as a day upon which judgment is rendered by the master. Overhead is twenty rounds of fire in the air, and the meager wages are given away in the form of a feast. Revelations of the day include plains, Flights, Trumphet, and a moon of another kind, a dry, and everything expected of it. It is an internship for the工人 in the whole labor movement.

A Labor Day set aside by labor, not by capital, and to show to the world the power and riches of the people is the only one of its kind. Ever since then the whole labor movement has been organized, and, in spite of the fact that the whole world is at standstill to-day is independent from labor toilers, in the I. W. W. and co-workers.
