TO ALL SEAMEN:

In New Orleans and other Atlantic ports today there are a number of false reports circulating to the effect that all the seamen's money under the system of representation is safe, and that the seamen will be fooled into believing that this is the only union.

THE ONLY GENUINE union of seamen on the American continent is: The Industrial Union of Marine Transport Workers of the I.W.W., with headquarters at 214 West street, New York City.

If you are in doubt, go to 214 West street before paying dues to any body. There you will be shown positive proof that this is the only union for all the seamen of the world.

DONT LET YOUR INTERNATIONAL SOLIDARITY BE BROKEN BY TAKING ANY UNION BOOKS FROM FAKES. WRITE THE I.U.M.T.W. CO. LTD TO THE HEAD OFFICE, 214 WEST STREET, NEW YORK CITY, OR TO 490 WEST PETERS STREET, NEW ORLEANS, LA. FOR FULL AND CORRECT INFORMATION.

Don't be forever fooled by a gang of Boarding House Keepers, their hangers and new fangled lawyers, who are trying to get Union Men together! GET TOGETHER! DO IT NOW! TODAY!

The C. G. T. is a national organization consisting of only a portion of the working class. Throughout the world, education and strikes have reached their highest development. They are the free and equal instruments of the national craft or industrial unions. The dis- treating councils have reached their highest development. They are purely revolutionary than a national craft or industrial union. The dis- treating councils are composed of workers of all categories. The War of To-day.

"The Associated Press came out in bold print with its first War of 1917 news release. It was a superficial account of the situation, but it was clear that the United States was now at war.

The news release stated: "The United States has declared war on Germany."

The United States was now at war with Germany, and the conflict was known as World War I.

The next day, the United States declared war on Austria-Hungary and the Ottoman Empire. This was a significant move, as it meant that the United States was now at war with all of Germany's allies.

The United States entered the war with the aim of defeating Germany and its allies, and it hoped to end the war as quickly as possible.

The United States declared war on Japan on April 12, 1917, as Japan had declared war on Germany on April 8.

When I was down in London, I had the opportunity to meet a number of the leading socialists of that city, and I must say that their acquaintance and conversation made a deep impression on me. I came away from England with a renewed conviction that the road to socialism must be paved with strong, determined, and consistent action. And it is this action that is needed now more than ever before.

I have always believed that the key to success in the socialist movement lies in the ability to mobilize and inspire ordinary people to take action. This is why I am so encouraged by the work of the Bolshevik Party in Russia. They have shown that through clear, consistent messaging and a strong leader, it is possible to galvanize large numbers of people to take action and build a movement.

But we cannot rest on our laurels. We must continue to push forward and make sure that our message is heard. That is why I am so grateful for the work of The Voice. It is through media like this that we can reach a wider audience and mobilize more people to join the fight for a better world.

Thank you for your support. Together, we can make a difference.

Sincerely,
